1. Introduction

- 1.1 Andrew Johnson and Chad Griffin were appointed as Joint Administrators of the Company on 13 February 2019. Pursuant to Rule 18.6 of the Rules we are required to send creditors a report setting out what has happened in the administration in the six months since our last report. This report therefore covers the period 13 August 2019 to 12 February 2020 ("the Period").
- 1.2 Full details of the statutory formalities relating to our appointment are set out in Appendix A.
- 1.3 This report, together with appendices, contains details of our actions during the Period and our time costs in accordance with SIP 9 (Appendices B and C).
- 1.4 A summary of receipts and payments in accordance with SIP7 for the Company is included at Appendix E, which includes a trading statement, relating to costs incurred by the Administrators during the winding down of the Company's operations. Further information in relation to the wind-down and the background to our appointment, can be found in our Proposals dated 5 April 2019 and our subsequent report dated 4 September 2019, both of which are available here:
<https://www.fticonsulting-emea.com/cip/utilitywise-plc>
- 1.5 If you wish to receive a hard copy of this report, the reports above, or any other soft copies referenced throughout this report, please contact the administrators at UWadministrators@fticonsulting.com or on 020 3727 1700, or by writing to: The Administrators, Utilitywise Plc (In Administration), C/O FTI Consulting LLP, 200 Aldersgate Street, London EC1A 4HD. Creditors can also use these contact details if they have any specific queries in relation to this report or the Administration in general.
- 1.6 The estimated return to creditors is set out in Sections 2 and 4 of this report.

Administrators' remuneration

- 1.7 In our Proposals we proposed that our remuneration would be fixed on the basis of time costs incurred by us and our staff properly spent in carrying out the Administration. This fee basis and estimate was agreed by preferential creditors and the Secured Lender on 23 April 2019 and 26 April 2019 respectively.
- 1.8 The Administrators are seeking an increase to their initial fee estimate previously provided to creditors, further details of which can be found at page 16 of this report.
- 1.9 Details of the rules in relation to Administrators' remuneration together with details of our time costs to date and our fee estimate are set out in Appendices B and C.
- 1.10 A creditors' guide to Administrators' fees setting out creditors' rights to further information and how fees are approved can be found here:
<https://www.icaew.com/-/media/corporate/files/technical/insolvency/creditors-guides/2017/administration-creditor-fee-guide-6-april-2017>
- 1.11 In accordance with Rules 18.34 of the Rules, any secured creditor or, an unsecured creditor with the support of at least 10% in value of the unsecured creditors or with leave of the Court, may apply to the Court for one or more orders challenging the amount or the basis of the remuneration which the Administrators are entitled to charge or otherwise challenging some or all of the expenses incurred. Such applications must be made within eight weeks of receipt by the applicant(s) of the report detailing the remuneration and/or expenses in question, in accordance with Rule 18.34(3) of the Rules.
- 1.12 Additional information in relation to our staffing policies can be found in Appendix D.

Further information

- 1.13 Any secured creditor, or unsecured creditor, with the support of at least 5% in value of the unsecured creditors or, with leave of the Court, may, in writing, request the Administrators of the Company to provide additional information regarding remuneration or expenses to that already supplied with this document. Such requests must be made within 21 days of receipt of this report, in accordance with Rule 18.9(2) of the Rules.
- 1.14 Further information on insolvency processes in general including a step-by-step guide can be found at the following website:
<http://www.creditorinsolvencyguide.co.uk/>
- 1.15 We are bound by the Insolvency Code of Ethics and we did not identify any ethical threats in consideration of our appointment, but a copy of our considerations can be provided on request.
- 1.16 FTI Consulting LLP (“FTI”) uses personal information in order to fulfil the legal obligations of our Insolvency Practitioners under the Insolvency Act and other relevant legislation, and also to fulfil the legitimate interests of keeping creditors and others informed about the insolvency proceedings. The privacy and security of personal information is very important to us. You can find more information on how FTI uses your personal information at <https://www.fticonsulting-emea.com/~media/Files/emea-files/creditors-portal/cip-emea-forms-info/cip-data-privacy.pdf>.

2. Summary estimated creditor returns

- 2.1 Given that the total realisations from the Company’s assets are uncertain and final preferential claims are yet to be received, it is not yet possible to determine the exact returns to creditors. Our current estimate is shown below:

Estimated Return to Creditors			
Creditor Type	Estimated Claim (£m)¹	Estimated Net Distribution (£m)	Estimated Net Distribution (p/£)
Secured Lender ²	21.1	5.2	25
Preferential Creditors	0.6	0.6	100
Unsecured Creditors	76.1	0.2	0.3
Shareholders	17.8	0.0	NIL
Total	115.5	6.1	

[1] Based on estimates from Statement of Affairs, and may therefore be subject to change

[2] Net Distribution includes direct distributions following the sale of EIC

- 2.2 Further details are set out in section 4 of this report.

3. Progress of the Administration

Asset Realisations

This section of the Report should be read in conjunction with our previous reports.

Sale of the Corporate Division

- 3.1 Following the business and assets sale of the Corporate business by the directors of EIC and T-Mac (“Old EIC”) in April 2019, we have continued to liaise, along with the remaining Old EIC director, with the purchaser of the Corporate business (“the Purchaser”).

- 3.2 Following the sale, certain funds were paid into escrow and were due to Old EIC on the completion of certain contract novations with customers and suppliers to the Purchaser. We have assisted the Old EIC director with negotiations with the purchaser regarding the release of these funds.
- 3.3 An 'in principle' commercial agreement has been agreed with the Purchaser and is expected to be signed imminently. The escrow funds will flow to Old EIC and will not form part of the administration estate immediately.
- 3.4 Additionally, we have worked with the director of Old EIC to ensure that all the corporate affairs of Old EIC are satisfactorily concluded, including the novation of certain property assets to the Purchaser, and the release of security deposits and settlements of lease liabilities.
- 3.5 It is expected that Old EIC will be solvently liquidated and any remaining assets will be distributed to the Company (as shareholder) and will ultimately be for the benefit of the Secured Lender due to their fixed charge security against the shares in Old EIC.
- 3.6 As such, this process is considered to be for the benefit of the Company's creditors, as any additional proceeds will ultimately reduce the size of the Secured Lender's claim against the Company.
- 3.7 Costs incurred in the above workstreams will be met out of further fixed charge realisations arising from the liquidation of Old EIC in accordance with SIP7.

Legal settlement

- 3.8 Following the administration, we notified the debtors that the settlement was still due, and the full amount of the settlement, being £1.05m, was subsequently recovered.

Book debts and accrued revenue

- 3.9 We have contacted all debtors and expect to continue receiving amounts as they fall due in line with the Third-party introducers ("TPI") agreements.
- 3.10 Whilst we have had better than anticipated success in generating cash from the book debts and accrued revenue, a large number of suppliers remain unwilling to pay commissions in advance, even for a commercial discount. Continuing collections relate to supply arrangements that go out to 2021, and in some cases, there are contracts that have not yet gone live, going out to 2023 and beyond, that could result in further collections.
- 3.11 We have collected nearly £750k of debtors, with a further c£800k agreed in principle as payable by suppliers (including expected receipts from an "in principle" settlement with a major supplier that is in the process of being documented)
- 3.12 Unfortunately, the overwhelming majority of TPI contracts are unable to be novated (meaning we cannot sell or otherwise assign the right to receive future commissions).
- 3.13 Further, due to the non-linear nature of the commissions (which are dependent on end-user usage, early termination penalties and offsets, customer attrition or non-commencement and the level of prior invoicing by the Company against forecast revenue) it is not possible to determine with precision the likely levels of recoverable income.
- 3.14 At present our best estimate is of future collections of c£400k so we consider that there is a rationale to continue the administration, likely for a period beyond February 2021, the current end date, but we will continue to assess whether this will be necessary as the year progresses, based on the level of commissions that are continuing to be received.

Pre-administration VAT

- 3.15 A pre-administration VAT reclaim has been submitted and received from HMRC. However, we continue to assess whether HMRC has any valid counterclaims in respect of this receipt. Consequently, this realisation has not been included in our calculations in respect of estimated returns to creditors.

Receipts and payments during the Period

3.16 A full receipts and payments account for the Administration during the period covered by this report is provided at Appendix E.

Employees

3.17 A number of employees have made claims to an employment tribunal, with further claims submitted after the statutory date by which claims were supposed to have been lodged. It is currently uncertain when the tribunal will confirm whether these claims can be considered or not.

3.18 Prior awards from the tribunal have been notified to the Redundancy Payments Service and are expected to be paid by them to claimants in due course. However, the lack of final resolution of all claims means there may be delays in payments being made by the RPS.

3.19 We have requested that payment is made to all claimants as soon as possible in order that a final RPS claim can be received, in order to facilitate the payment of a preferential dividend to creditors.

3.20 We have requested a finalised proof of debt from the Redundancy Payments Service on a number of occasions and our Employment Rights Act specialist (ERA Solutions) have held meetings and escalated complaints within the RPS in order to receive a final preferential claim.

3.21 However, due to system issues following a major re-vamp of their IT systems, the RPS have, as yet, been unable to issue a final proof of debt.

3.22 Consequently, we are unable to finalise adjudication of preferential claims against the Company and are therefore unable to pay a dividend to preferential creditors at this time.

3.23 Based on realisations and the interim proof of debt provided by the RPS we currently anticipate paying a dividend of 100p / £ to preferential creditors, however this cannot be confirmed until the final proof of debt has been received from the RPS.

Taxation

3.24 We have notified HM Revenue and Customs of our appointment and in due course appropriate filings will be made to support the Company's corporation tax and VAT positions at the date of the Administration.

3.25 We have submitted our first VAT return covering the post-appointment period and intend to submit additional VAT returns as necessary.

3.26 We have notified HMRC of the closure of the Company's Save-As-You-Earn ("SAYE") scheme, which is administered by Link Group.

Shareholders / SAYE

3.27 Any former members of the SAYE scheme who consider they may have funds receivable, should contact Link Group directly to request such funds at sayeteam@linkgroup.co.uk (or by post at Link Asset Services, The Registry, 34 Beckenham Road, Beckenham, Kent, BR3 4TU quoting the following information.

- Full name
- Full address
- The Company and Scheme
- A note to confirm the intention to close
- Investor Code or National Insurance Number
- Signature

3.28 Link Group also hold unclaimed shareholder funds in relation to ordinary dividends paid by the Company prior to administration, which can be claimed from them in writing using the contact details above, as long as shareholders provide their name, address, name of the Company and any amounts due to them.

Statutory investigations

3.29 We have undertaken initial investigation work in accordance with SIP2 including a review of the accounts of the Company in order to understand the realisable assets of the Company and comparing these to the values in the directors' statement of affairs. We did not consider that further investigations were required nor that there are any further assets available to the Company other than those set out earlier in this report.

3.30 The data gathered from our initial investigations assisted with our statutory duties pursuant to the Company Directors Disqualification Act 1986 to review the conduct of all directors who served in respect of the Company in the 3-year period prior to the date of the Administration. We have concluded our review and have submitted a final return to the Department for Business, Energy and Industrial Strategy. The content of our reports in relation to this are confidential.

3.31 Should any creditors have any further relevant information in relation to directors' conduct, they should provide details in writing to the Administrators. This request forms part of our normal investigations into directors' conduct and does not imply any criticism of the directors in this particular case.

Remaining Steps

3.32 The major steps remaining to be completed before the Administration can be completed are set out below:

- Collection of commissions from energy suppliers and collection of the legal settlement – many suppliers have made it clear these cannot be collected in advance and thus we will have to continue to invoice in arrears, until the contracts to which the commissions relate, have elapsed;
- Finalisation of the settlement with the Purchaser of Old EIC, to ensure conditional consideration is received;
- Distribution of proceeds of liquidation of subsidiaries to the Fixed Charge Lender;
- Engagement with Employee Tribunal Service;
- Continued compliance with tax legislation and seeking clearance from HMRC for closure;
- Collation of unsecured and preferential creditor claims;
- Distribution of net realisations to creditors (where possible); and
- Ongoing statutory duties.

3.33 Further details are set out in Appendix B.

3.34 We have already extended the period of the administration to 12 February 2021 with the consent of the Company's creditors. We will continue to assess whether any further extension is required.

4. Estimated outcomes

Secured creditors

4.1. At the date of appointment, the Secured Lender was owed approximately £21m by the Group. The Secured Lender holds fixed and floating charge security over the Company (including its shares in EIC, T-Mac and ICON) via two charges created on 12 June 2013 and 20 April 2015 and registered to NatWest and RBS respectively. The Secured

Lender was also entitled to set-off any amounts held in the Company's bank account at appointment. At appointment, the account was overdrawn.

- 4.2. The final return to the Secured Lenders is currently uncertain and is dependent on the conditional sales proceeds arising from the sale of EIC and T-Mac set out above, as well as floating charge proceeds arising from the other commission/debtor realisations set out above (to the extent that total net floating charge realisations exceed preferential claims).
- 4.3. However, based on our current expectations of total realisations, the current estimate of returns to the Secured Lender is between £5.2m and £5.3m.

Preferential creditors

- 4.4. Under the Act, the main classes of preferential creditor are employees in respect of certain claims in relation to arrears of wages, holiday pay and pensions contributions.
- 4.5. We have paid retained staff their wages and accrued holiday to the date of their redundancy.
- 4.6. We are currently awaiting confirmation from the RPS of the level of preferential claims against the Company, which are expected to be around £0.6m. Based on current estimated floating charge realisations and costs of realisations, we anticipate a dividend of 100 pence for every pound owed to preferential creditors, according to the RPS' interim proof of debt.

Unsecured creditors

- 4.7. Unsecured creditors rank behind both secured and preferential creditors.
- 4.8. There are unlikely to be sufficient funds to repay the Secured Lender in full, therefore a distribution to unsecured creditors would only arise by virtue of section 176A(2)(a) of the Act, a Prescribed Part dividend up to a maximum of £600k (less any costs incurred in making the distribution).
- 4.9. Under Section 176A of the Act where after 15 September 2003 a company has granted a creditor a floating charge, a proportion of the net property of a company achieved from floating charge asset realisations must be made available for the unsecured creditors ("the Prescribed Part").
- 4.10. The Prescribed Part applies where there are net floating charge realisations (i.e. after costs of realisation) and is calculated as follows:
 - 50% of net property up to £10k.
 - Plus 20% of net property in excess of £10k.
 - Subject to a maximum of £600k.
- 4.11. We currently have insufficient information to calculate the exact size of the Prescribed Part and the return to unsecured creditors, given that the calculation is subject to the total level of floating charge realisations, the costs of realisations and the cost of paying preferential creditors, all of which remain uncertain. However, based on the currently available information, we currently estimate the unsecured creditor return at £200k.
- 4.12. Creditors wishing to submit a claim should use the creditors statement of claim form provided at Appendix F, with any claims made being supported by copy invoices or other relevant documentation sufficient to allow your claim to be adjudicated.
- 4.13. Under section 176A(5) of the Act the administrator is able to apply to court to disapply the net property provisions relating to the Prescribed Part on the grounds that the costs of distributing the Prescribed Part are disproportionate to the benefits. We do not currently intend to make such an application.

Shareholders

4.14. As it is highly unlikely that there will be sufficient assets to repay the Company's creditors in full there will not be any return or distribution to shareholders. All trading in shares has been suspended and the shares have been de-listed.

4.15. As at the date of the administration the share register is frozen. Shares can only be transferred with the express consent of the administrators.

4.16. Shareholders wishing to transfer shares should contact UWadministrators@fticonsulting.com for further information.

5. Next report and further questions

5.1 We are required to provide a further progress report to all creditors within one month of the end of the first 6 months from the end of the Period, or when the administrations come to an end, whichever is sooner.

Should you have any queries in the meantime please do not hesitate to contact a member of the Administrators' team on 020 3727 1700 or by email at UWadministrators@fticonsulting.com.

Appendix B – Administrators' time costs and expenses

Pre-Administration fees

Information in relation to the Joint Administrators' involvement with the Company prior to the date of Administration is detailed below, pursuant to Rule 3.1, Rule 3.35(10)(a) and Rule 3.36.

FTI Consulting LLP ("FTI") provided advisory services pursuant to a letter of engagement dated 16 August 2018 ("LoE") with The Royal Bank of Scotland plc, in relation to their secured lending to the Company, and its subsidiaries. The Company was also party to this letter of engagement and was responsible for making payments under this engagement letter as part of the terms of its funding from the Secured Lender.

FTI's initial engagement scope was to carry out a review of the options available to the Secured Lender and to consider the contingency plans / proposals provided by the Group to the Secured Lender.

FTI's work included preparation of a high-level Estimated Outcome Statement and identifying key issues and risks in relation to contingency options and developing potential strategies for realising key assets of the Group. This work also included a review of the Group's short-term cash flow forecast.

On 24 September 2018, under an addendum to the LoE, FTI provided a high-level review of the Group's separation plan in relation to the Corporate Business.

On 2 January 2019, under a further addendum to the LoE FTI undertook detailed contingency planning work for a potential insolvency process. This work was undertaken alongside planning for a consensual re-financing of the Group, as well as consideration of an accelerated M&A process of the Group outside of the administration.

The Company's board considered it necessary to consider all available options in order to maximise the returns to the Company's creditors, in accordance with their fiduciary duties. Consequently, FTI's work during this period included both specific planning for the administration appointment, as well as other potential outcomes that did not involve an insolvency appointment. The latter aspects included meetings with the Secured Lender, management, M&A advisors, the Company's NOMAD, as well as diligence, outcome modelling, cashflow analysis and other ad-hoc advisory work, which did not directly relate to an insolvency appointment.

Insolvency workstreams included planning the appointment strategy, client take on including money laundering checks, ethics checks, GDPR checks, drafting of appointment documents, preparation for day 1, analysis of the Company's assets, drafting of correspondence, understanding the operational connections between the Enterprise and Corporate business, drafting day 1 communications cascades, liaison with operational management, mapping of key operational suppliers, preparation of master control schedules, understanding of the Group's property position, understanding the Group's lease creditor position and understanding the Groups' management and structure amongst others. It was necessary to complete these workstreams ahead of administration in order to have an implementable strategy at administration.

Prior to the appointment of Administrators, £167,200 plus VAT of time costs and £5,824 plus VAT of out-of-pocket expenses were incurred and paid by the Company. Approval for payment of further pre-administration time costs of £28,451 plus VAT and out-of-pocket costs of £8,357 plus VAT was received on 26 April 2019 however payment of these costs has not been made to date.

There are no other fees that have been charged by any other insolvency practitioner for preparation for an insolvency appointment.

Administrators' fee basis and fee approval

Pursuant to Rule 18.16 of the Rules the remuneration of the administrators can be fixed on the basis of one of the following

- as a percentage of the value of property with which he has to deal;

- by reference to time properly given by the Administrator and his staff attending to matters arising in the Administration; or
- a set amount.

The basis of the Administrators' fees will be determined by a creditors committee (if one is established by the creditors of the Company) or by a meeting of creditors of the Company (if one is convened). If no committee is established and no meeting is convened, the remuneration of the Administrators will be fixed in accordance with option b above and that proposed fees will be approved in accordance with Rule 18.18 of the Rules. These rules are outlined below:

Where the Administrators have made a statement under Paragraph 52(1)(b) of Schedule B1 of the Act, the basis of the Administrators' remuneration may be fixed by approval of:

- Each secured creditor; or
- If the Administrators intend to make a distribution to preferential creditors, with the approval of each secured creditor and 50% of the preferential creditors who respond to an invitation to consider approval.

There is no requirement for unsecured creditors to pass a resolution in respect of Administrators' remuneration.

Pursuant to the rules set out above we sought approval from creditors as described below:

- Preferential creditors: a decision was sought to fix the basis of our fees at the same time as issuing the Proposals. Approval was provided by voting preferential creditors in advance of the decision date (23 April 2019), therefore the decision to fix our fees was approved by preferential creditors on this date. However, we have since identified some technical deficiencies in the proof of debt provided by the RPS when voting in relation to this matter. We have therefore requested a revised proof, in order to substantiate their claim, and will re-issue the request to approve the fee basis, on receipt of this proof. We have also flagged this issue to our regulatory body and requested that they raise this matter with the Insolvency Service.
- Secured creditors: a decision was sought to fix the basis of our fees at the same time as issuing the Proposals. Approval was provided by the Secured Lender on 26 April 2019. We have subsequently drawn fixed charged fees of £200k plus VAT, which we consider remains appropriate in spite of the issues raised above in relation to the RPS proof of debt since these fees have been approved by the only creditor impacted by this drawing, the Secured Lender. We have not yet drawn any floating charge related fees.
- Further to the approvals from both preferential and secured creditors our fee basis has been fixed by reference to time properly given by the Administrator and their staff attending to matters arising in the Administration, in line with the fee estimate provided to creditors.

A copy of the 'Creditors' Guide to Administrators' Fees' is available at:

The £200k of time costs billed to date relate solely to costs incurred in relation to fixed charge realisations, namely the sale of the subsidiaries. The invoices were paid out of the administration estate however as the proceeds of the subsidiary sale did not flow through the estate, these costs were recharged to the subsidiaries. £200k of reimbursements (plus VAT) were received during the Period from funds which would otherwise have been repaid to the Secured Lender.

Category 1 expenses are not subject to creditor approval. Category 2 disbursements do require approval from creditors and relate to services provided to us by associated companies and costs which are apportioned overheads such as mileage and data storage. Further details in relation to this can be found at Appendix D (if applicable) together with additional information in relation to our policy on staffing, the use of subcontractors, and details of our applicable charge out rates by staff grade.

Administrators' fee estimate

A breakdown of the fees incurred to date (and during the reporting period) together with the Administrators' revised fee estimate is provided below.

The Administrators' fee estimate represents the likely time costs that will be incurred in undertaking their duties in respect to the Company during the Administration and, should the administrator become liquidator, their duties in the liquidation (however this is not envisaged in this instance). It is important to note that the amount of remuneration drawn will be limited by the realisations from the Company's assets and as such fees will only be drawn if there are funds in the Administration (in addition to agreed funding provided by the Secured Lender), or subsequent liquidation, to do so.

Administrators' fee estimate	2,818	835,000	296	339	102,727	303	3,156	970,049	307

* A cap is in place which limits the daily cost for each of the Administrators' staff. Where an individual has incurred costs greater than the cap, the additional cost has been deducted.

The revised fee estimate is based on the administration concluding in February 2021 with no requirement for an extension of the administration. Should the administration remain open for longer, or any of the workstreams become more time intensive, then the Administrators may provide a further fee estimate to creditors.

The main areas of work that will result in further incurrence of time costs are as follows:

Creditors

- Continue to liaise with with the Redundancy Payments Office regarding employee claims.
- Dealing with creditor correspondence, emails and telephone conversations regarding respective creditor claims.
- Maintaining up to date creditor information on the case management system.
- Management of potential unsecured or preferential dividend(s), including issuing a notice of intended dividend, reviewing proofs of debt, adjudicating claims, calculating and paying a dividend to creditors, and issuing the notice of declaration of dividend.

Administration and Planning

- Continued maintenance of physical/electronic case files.
- Maintaining the case on the practice's electronic case management system and entering data.
- Dealing with all routine correspondence and emails relating to the case.
- Maintaining and managing the office holder's estate bank account.
- Undertaking regular reconciliations of the bank account.
- Reviewing the adequacy of the specific penalty bond on a quarterly basis.
- Undertaking periodic reviews of the progress of the case.

Realisations of Assets

- Corresponding and negotiating with debtors to collect outstanding book debts.

Tax

- Preparing and filing VAT returns.
- Preparing and filing Corporation Tax returns.
- Seeking closure clearance from HMRC and other relevant parties.

Reporting

- Preparing, reviewing and issuing 6-month progress reports to creditors and members and submission to Companies House.
- Ad-hoc reports to the Secured Lenders, as necessary
- Preparing, reviewing and issuing final reports to creditors and members and submission to Companies House.

Other

- Miscellaneous and ad-hoc tasks not falling within the categories above.

Pursuant to Rule 18.30 of the Rules (Rule 2.109AB of the 1986 Rules) and with consideration given to the additional work required, the Administrators sought approval for a revised fee estimate from the Secured Lender on 10 February 2020. Additionally, pursuant to Rule 18.25 of the Rules, the Administrators will be seeking the approval of the preferential creditors for the revised fee estimate outlined in the table above.

Appendix D – Additional Information in relation to Administrators' fees pursuant to SIP9

Detailed below is FTI's policy in relation to:

- staff allocation and the use of sub-contractors;
- professional advisors; and
- disbursements.

Staff allocation and the use of subcontractors

Our general approach to resourcing our assignments is to allocate staff with the skills and experience to meet the specific requirements of the case.

The constitution of the case team will usually consist of a Senior Managing Director, Managing Director, Director, Senior Consultant and Consultant. The exact constitution of the case team will depend on the anticipated size and complexity of the assignment and on larger, more complex cases, several Senior Consultants/Consultants may be allocated to meet the demands of the case.

With regard to support staff, we would advise that time spent by cashiers in relation to specific tasks on an assignment is charged. Only if there is a large block of time incurred by a member of the secretarial team, e.g. report compilation and distribution, do we seek to charge and recover our time in this regard.

Professional advisors

On this assignment we have used or intend to use the professional advisors listed below. We have also indicated alongside, the basis of our fee arrangement with them, which is subject to review on a regular basis.

Professional Advisor Fees			
Name of Professional Advisor	Service	Basis of Fee Arrangement	Fees to Date (incl. VAT)
Deloitte LLP	M&A Advisor	Weekly retainer fee (plus success fee)	£288,000
Pinsent Masons LLP	Legal Advice	Hourly rate and disbursements	£265,595
Herax Partners	M&A Advisor	Monthly retainer fee (plus success fee)	£165,000
Shareholder Corporate Finance	M&A Advisor	Monthly retainer fee (plus success fee)	£135,000
ERA Solutions	Employee Advisor	Hourly rate and disbursements	£35,412
Sanderson Weatherall	Auctioneer	Percentage of realisations	£10,693
Addleshaw Goddard	Legal Advice	Hourly rate and disbursements	£3,600
Lovetts	Debtor Realisations	Fixed cost per realisation	£452

Deloitte

We note that the total fees paid to Deloitte include amounts in relation to pre-appointment work undertaken that have been paid from the administration estate of the Company. During this period, Deloitte acted as the Company's pre-appointment M&A advisor. Following our appointment, Deloitte were retained to assist with the sale of the intellectual property and other assets, including data, of the Company. The choice to retain Deloitte was based on the Administrators' perception of their knowledge of both the Company and the type of work required.

Pinsent Masons

Pinsent Masons have provided both pre-appointment and post-appointment legal advice to the Company. The advice included, but was not limited to; drafting sale documentation, assisting with GDPR matters, and other employee queries. The service provided by Pinsent Masons is a specialist service which the Administrators' staff could not appropriately perform in house.

Further work is anticipated to be carried out by Pinsent Masons in respect of legal advice relating to the escrow funds and the collection of outstanding book debts.

Herax Partners

Herax Partners were engaged to assist Deloitte in the sale of ICON. ICON was a standalone business operating in the Czech Republic, for which the Company was the sole shareholder. Herax Partners had previously acted as M&A advisors to the Company when a sales process for ICON was run in 2018. It was the Administrators' view that Herax Partners should be contacted in order to re-instigate interest from parties contacted in the previous sales process.

ERA Solutions

ERA Solutions have been engaged by the Administrators to assist the Company's former employees in submitting their claims against the Company. They have commenced this work and continue to liaise directly with employees in respect of their claims against the Company.

Payments to date total £35,412 (VAT Inc). Accordingly, I currently envisage ERA Solutions fees in the Administration will total £50,000 (VAT Inc.). However, this is subject to change depending on the number of claims lodged and whether the Administrators request ERA Solutions to provide additional services.

The choice of ERA Solutions was based on the Administrators' perception of their experience and ability to perform this type of work and the complexity and nature of the assignment. It was also considered that the basis on which they will charge their fees represented value for money and was more cost effective than if the work had been undertaken by the Administrators' staff.

Sanderson Weatherall

We engaged chattel agents, Sanderson Weatherall to assist with the sale of a large volume of chattel assets on site at the Company's offices in North Tyneside, primarily furniture and IT equipment. This sale was concluded in a short period of time, as the costs of continued occupation of the Company's leased property were considered to exceed the realisable value of the chattel assets. It was considered that the basis on which they charged their fees represented value for money.

Addleshaw Goddard

Addleshaw Goddard were the Company's pre-appointment legal advisors. The balance paid to Addleshaw Goddard relates to the pre-appointment costs incurred by the Company in connection with the appointment of the Administrators.

Lovetts

Lovetts have been engaged to collect debts from former employees of the Company. Whilst this function could be carried out by the Administrators' staff, it is more cost effective and efficient for Lovetts to undertake these duties.

Other FTI Teams

We have utilised the services of other teams within FTI Consulting LLP to assist with the Administration process. The fees of our tax and strategic communications teams have been included in our SIP9 analysis provided to creditors of the Company and allocated to the work streams and entities to which their work related, for approval by those parties approving our fees.

We consider that the rates chargeable for these services are in line with general market practice and that the service is comparable to similar firms of professional advisors. In addition, by working closely with our internal teams, we believe a more coordinated and cost-effective approach to the Administration work streams has been possible.

Disbursements

Category 1 disbursements do not require approval by creditors. The type of disbursements that may be charged as a Category 1 disbursement to a case generally comprise of external supplies of incidental services specifically identifiable to the case, such as postage, case advertising, invoiced travel and external printing, room hire and document storage. Also, chargeable will be any properly reimbursed expenses incurred by personnel in connection with the case.

Category 2 disbursements do require approval from creditors. These disbursements can include costs incurred which relate to payments due to associated Company for the provision of services to the office holder.

Charge-out rates

A schedule of FTI's charge-out rates (exclusive of VAT) for this assignment to date is below. All time incurred by the Administrators and their staff is recorded in six-minute increments.

Grade	£ (Per Hour)
Senior Managing Director	437.50
Managing Director	375.00
Senior Director	343.75
Director	343.75
Senior Consultant	306.25
Consultant	250.00
Analyst (experienced)	250.00
Analyst (junior)	250.00

Our fees are subject to an additional cap on this assignment whereby charges are restricted to 8 hours per day.
